On August 7th 2019, on the eve of South Africa's 9th of August National Women's Day celebrations, Elodie Lesage and Laëtitia Rabine, all the way from Nantes in France, paid the Bredasdorp Shipwreck Museum a visit. The twosome were delighted to have been briefed by Shipwreck Museum guide, Sophia Lewis, about the museum's special Women's Day exhibition and about the meaning of this very special day.
